# *ISMS POLICY*

ERDA is committed to preserving the confidentiality, integrity and availability of all its physical and electronic information systems and records in order to ensure that the organisation manages information risk as per the requirement of ISO 27001, that the needs of customers, employees and requirements of corporate governance are met, to establish confidence that partnership arrangements involving sharing and exchange of information are legal and secure, to establish that designed and implemented security features are effective and correct and to provide confidence that services offered by third party suppliers of information security assurance are adequate and fit for purpose.

The implementation of this policy is a testimony of ERDA commitment to establish, implement, maintain, and continually improve the Information Security Management System (ISMS).

Information and information security requirements will continue to be aligned with ERDA's goals and the Information Security Management System is intended to be an enabling mechanism for information sharing, for electronic operations, use of ERP system, remote and distributed working and for reducing information-related risks to acceptable levels.
