

# WORKSHOP CALENDAR-2022

Sr. No.	Program title	Dates
1.	One Day Workshop on Safety and Performance Evaluation of LED Lighting Products	15th June 2022
2.	One Day Workshop on Smart Meters	7th July 2022
3.	One Day Workshop on EMI/EMC Evaluation Techniques for Electrical and Electronics Equipment & Machinery	21st July 2022
4.	Workshop on High Voltage and Partial Discharge Measurement Techniques	3rd-4th August 2022
5.	Workshop on Testing and Evaluation of Transformer Materials	25th-26th August 2022
6.	Workshop on Quality Assurance of wiring Accessories – Switches, Plugs & Sockets	15th-16th Sept 2022
7.	Workshop on Evaluation of HT, LT Cables and Accessories including Solar application Cables	21st-22nd Sept. 2022
8.	Workshop on Performance Evaluation of Low Voltage Switchgear assembly	28th September 2022
9.	Workshop of Evaluation of Flame proof enclosures	6th October 2022
10.	One day Workshop on Energy Conservation Techniques in Industries and Power Plants	13th October 2022
11.	One Day Workshop on Performance Evaluation of Solar PV modules	15th November 2022
12.	One day Workshop on Evaluation of HTLS conductors	24th November 2022
13.	Workshop on Evaluation of Batteries	8th December 2022
14.	Workshop on Power System Studies, Protection Audit and Power Quality Measurement	16th December 2022

## Registration Charges (INR Per Person)

No	Particulars	For two day workshop	For one day Workshop	GST	Discount for any Organization
1	ERDA members	7500/-	4000/-	18%	10% discount if three or more delegates for a workshop
2	For non-members	9000/-	4500/-	18%	Additional 5% discount if 10 or more delegates for a workshop
